Summary

Security Engineer and SecOps practitioner with 2+ years of IT consulting experience delivering compliance and automation projects for international enterprise clients. Led ISO 27001 certification for Xihua Pharmaceutical (Project Lead; 200+ compliance documents; ENR-00976588). Deployed KnowBe4 phishing simulations for 5,000+ users at YumChina. Delivered security awareness training for 200+ employees at Decathlon. Practitioner of AI tools (Claude, n8n) for workflow automation. Cross-functional collaborator with Agile/Scrum experience across engineering and compliance teams.

Skills

Security: ISO 27001, KnowBe4, DevSecOps, SAST/DAST, NIST CSF, GDPR, security awareness
AI Tools: Claude, n8n, OpenClaw, RAG, prompt engineering
Technical: Python, Go, Node.js, PostgreSQL, REST API, Git, Linux
Languages: Chinese (native), English (professional), Hungarian (conversational)

Security Projects

Xihua Pharmaceutical – ISO 27001 Certification (Project Lead) Jan 2022 – Oct 2022

ISO 27001 • Gap Analysis • Compliance Framework • Internal Audit • BSI ENR-00976588

- Led enterprise-wide ISO 27001 gap analysis across 15+ departments; produced 200+ compliance documents; achieved certification on schedule
- Established automated internal audit and compliance monitoring framework using n8n workflows
- Coordinated with BSI auditors; client achieved ISO 27001 certification (ENR-00976588)

YumChina – KnowBe4 Phishing Simulation Program Mar 2022 – Dec 2022

KnowBe4 • Phishing Simulation • Security Awareness • Risk Reporting

- Designed and deployed KnowBe4 phishing simulation across 5,000+ enterprise users; achieved measurable reduction in phishing susceptibility within 6 months
- Delivered monthly security awareness reports to CISO and department heads; tracked KPIs via automated dashboards

Decathlon – Security Awareness Training Jun 2022 – Sep 2022

Security Awareness • Phishing Prevention • Risk Communication

- Delivered security awareness sessions to 200+ employees across retail operations; covered phishing prevention, password hygiene, and data protection
- Coordinated with department managers to schedule and tailor sessions for front-line retail staff

Professional Experience

- **Software Engineer (Intern) – Stealth Startup (AI)** Mar 2024 – Oct 2024
- Built automated CI/CD with GitHub Actions; improved release cycle from 2 days to 15 minutes; integrated SAST (CodeQL) into pipeline for pre-deployment security scanning
- Containerized applications with Docker; documented secure deployment procedures for production environments
- **Information Technology Consultant** InsightSec, Shanghai Mar 2021 – Dec 2022
- Designed and implemented CI/CD pipelines for enterprise clients across retail and pharmaceutical sectors; applied Agile/Scrum across all engagements; managed backlogs in Jira

Education & Certifications

- **MSc Computer Science** – Technological University Dublin Sep 2023 – Dec 2024
  Systems Architecture, Web App Architectures, Agile Methods, Deep Learning
- **MSc Management (International Business)** – University of Sheffield Jun 2019 – Mar 2021
  Agile Project Management, Accounting & Financial Management
- ISO 27001 Foundation – BSI (2021)
- CMI Level 7 Strategic Management & Leadership (2021)
- *The Development of a GIS for Public Amenities in Urban Areas* (EDULEARN25, Expected Jul 2025)
